## PRICE INCREASE FOR OSMOLALITY TESTING

**EFFECTIVE: October 1, 2024**

We are writing to inform you that the price of both urine and serum Osmolality will be increasing. The new prices are as follows:

**Osmolality Urine:** currently priced at **\$5.10**, will be increasing to **\$6.00**

**Osmolality, Serum:** currently priced at **\$5.10**, will be increasing to **\$6.00**.

As is always the case, we work hard to keep prices as low as possible and only look to increase them when necessary. This increase is the first since 2021.

We would like to take this opportunity to thank you for entrusting us with your patient specimens. We are committed to providing you with the highest quality service and support, and we believe that this price increase is necessary to maintain that level of service.

If you have any questions or concerns about this price increase, please do not hesitate to contact us. We value your business and look forward to continuing to work with you.
